

Mini in Design, Max in Power

The Compact Versatile HD PVR

Vu+ SOLO² provides reliable and powerful hardware and software features which customers deserve. Vu+ team has developed this new SOLO² with one clear mission: produce the compact HD PVR with versatility. Ever since the Solo was out in the market in the early 2010, Solo has become the most persistent and reliable HD zapper. Vu+ team has prepared to make a new leap forward in the development of SOLO² after taking into considerations of all the feedbacks and comments from its valued customers. Features of SOLO² are upgraded and newly added. It is equipped with the DVB-S2 Twin-Tuner and 2.5" HDD support, increasing usability and efficiency.

Trendy Design with VFD display

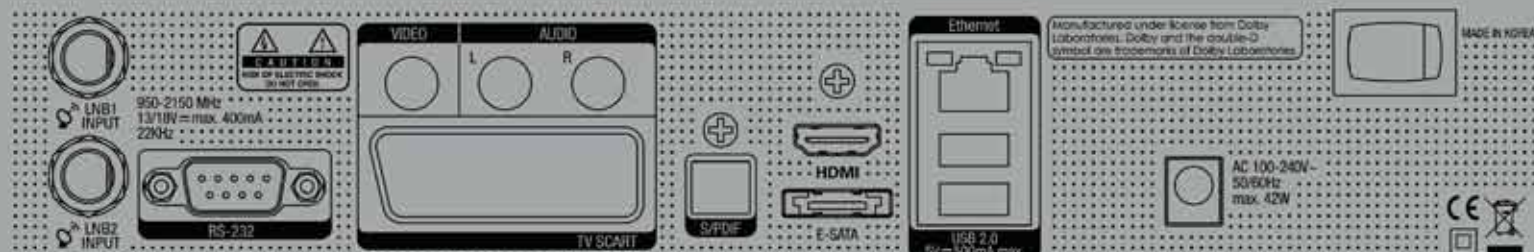

SOLO² has a brand new look with modern and simple design. The structure of the SOLO² is to set out to expose the essential components to create a clear impression of simplicity with vivid touch keys and concise VFD display. With relatively simple elegant designs, SOLO² is designed for easy use. Its style also reflects the current designs of LCD TV sets. The high-glossy look of SOLO² will add nice and well-blended atmosphere with your TV.

The Faster, the Happier!

In the process of evaluating any digital devices, speed is definitely of paramount prominence. CPU is the engine that drives all the processes and gives the boost. Vu+ SOLO² is equipped with the powerful CPU with accelerated speed. This box connected to your TV will enable customers to run any functions that they want in a split second. Its system has more processing power with the ability to run more applications. Vu+ team wants to make sure the customers around the world enjoy more with this faster engine in SOLO². Examples include faster booting speed, and faster channel change, faster loading of applications and plug-ins such as YouTube Player, Video Streaming, and Vu+ Air Player.

Powerful CPU - 1.3GHz(MIPS based) | 1080p60 Full HD | HDMI 1.4 | Accelerated 2D/3D graphic processing | Transcoding for Mobile Devices | Twin-Tuner DVB-S2 PVR | 2.5" HDD Supported

H/W Features		SOLO ²
	CPU	Dual Core1.3GHz
	Operating System	Linux OS
	RAM	k.A.
	FLASH	k.A.
	P&P Tuner	nein/2 x Sat fix
	CI	1
	Smartcard	2
	USB	3x USB 2.0
	FAN	nein/passiv
	Internal HDD	2,5"
	WLAN	nein/opt. Wlan Stick
	Ethernet	ja
	Display	12 digit VFD
	SCART	ja
	Composite	ja
	YPbPr	*
	HDMI	1.4
	SPDIF	ja
	DiSEqC	1.0/1.1/1.2/USALS
	Power	SMPS
	Size(Width)	280mm
	Remote	Universal RCU
Major S/W Features	Automatic & Manual Channel Scan Support	ja
	Blind Scan Support	ja
	Electronic Program Guide (EPG)	ja
	Channel List (TV and Radio)	ja
	Videotext decoding	ja
	Plug-in Support via Ethernet	ja
	Ethernet Setup System	ja
	Wi-Fi Setup System	ja
	Video Codec support (mkv,avi,etc.)	ja
